International Leader in Product Data Interoperability

ITI TranscendData is your central source for **CAD data exchange** and **PLM integration solutions**. Since 1985 we have partnered with the major CAD/CAM/CAE/PLM vendors to assemble an unparalleled suite of software products and related services.

With a worldwide team of senior consultants and five global offices, ITI TranscendData's solutions for CAD/CAM/CAE/PLM interoperability drive measurable cost savings for OEM's and their suppliers in a variety of industries including aerospace/defense, heavy equipment industries, automotive, consumer goods and medical devices.

We are prepared to apply our strategic approach to your unique needs...

- Are you confident your CAD models are valid for downstream use?
- Do you struggle to effectively share engineering data with your suppliers?
- Are your CAD/PLM or PLM/ERP integrations working well?
- Do you need to migrate off a legacy CAD or PDM system?
